If you'd like to see a listing of all the sites that the OSM has worked with in the past you can view their “Organization” even if they haven’t yet posted a job. To see this list of potential internship sites, follow these instructions.

1. Once logged into your DivLink profile, go to the “Organizations” tab
2. Click on Contacts and select “More Options”
3. Once this window is open you are now able to filter the list of organization contacts to only the Supervised Ministry Internship contacts.
4. Select “Yale Divinity School” as the School Affiliation.
5. Select “Yes” to Supervised Ministry Contact.
6. Click Search.
7. The results you will see are the Supervisors of the potential internship sites. You can click on their name or on the site they are affiliated with to find out more information about the site.
8. If you’d like to narrow your search further, you can type in the other search boxes. For example type “Baptist” in the Organization or Employer search box.
