COURSE INFORMATION

COURSE DESCRIPTION

This course provides a brief introduction to the general field of comparative theology, a basic orientation to Mahayana Buddhist teaching and practice (with a particular focus on the case of the bodhisattva through the lens of Shantideva's classic The Way of the Bodhisattva), and an exploration of Christian comparative reflection on these sources. The class engages several prominent theologians working in the Buddhist-Christian theological conversation and explores the ways in which Christian thought and practice can be informed by comparative learning from Buddhist sources. Area II and Area V.
